Secretary's Report (Rick Christian)

Spektrum has announced their RID modules will be on sale soon, and as long as we fly at our field it is not an issue, but if you plan on flying elsewhere you may want to get one soon.

Field Report (TBD)

The runway has been patched with tape and is holding well so far.

The burn pile is getting very large, so be sure to put any additions to it on the South side so as to keep the landing path clear.

Safety Report (John Clauson):

The local emergency numbers are now posted in the shed.

Web Report: (John Clauson)

The mowing page is going to change to reflect who *has* mowed, rather than who will.

Old Business: (Chris)

- The porta potty has been serviced, but still needs a good wipe down. Somebody should do it before the picnic.
- John C will send out a link to the "Aeromura" app so we can try to use it as a club.
